"I have arthritis, which means I have trouble getting things done around the house. It's great to know I have help with the things I can no longer do."

~ Mary Kissel

"I have only positive things to say about the ladies who come to clean my house. They are very congenial, respectful, polite and they do an excellent job."

~ Marlene Brokaw

"The membership program provides a great opportunity for so many different populations in our community. It will enable seniors still living in their homes but needing a little help, to stay independent. It's also great for the sandwich generation, those caring for parents and children; it will give them an extra set of hands to get things done. The services we can do and the people we can serve are a great combination."
